

Don't waste your vote again.

There is a very good possibility I can win this election because:

- a) voters are frustrated and looking for an alternative to the status-quo.
- b) many voters are not comfortable with the party candidates.
- c) the parties are addicted to money.
- d) obligations to raise money contradict a Representative's true purpose.
- e) money disenfranchises the voters.
- f) a "Not for Sale" candidacy rings true because it eliminates the money.

Make a statement with it.
